

## RADIO SPOT

### Time Limit:

Time limit is 30 seconds for all age groups. Judges may deduct points for presentations not meeting or exceeding time limits. Radio spots should be exactly 30 seconds in length and may include a musical or sound effect introduction and/or background, but may not include a spoken introduction or “tag” by anyone other than the contestant. If music or a sound effect is used, the contestant must provide and operate the sound making device.

### Written Script:

The contestant will provide a complete written script (including notations about music/sound effects) to the timekeeper to aid in timing accuracy. Musical/sound effect introductions and endings are considered a part of the radio spot and must not cause the 30 second time limit to be exceeded.

### Theme:

The spot should relate to 4-H and be an original piece, created by the contestant.
